

Peiltabelle GFK-Kugel

Kugelgröße 2.000 Liter Ø 1.600mm

A circular gauge diagram representing the fill level of a 2000-liter sphere. The gauge is a large circle with a vertical scale in the center. The scale has alternating black and white segments. To the left of the scale is the label 'Füllstand cm' and to the right is 'Inhalt Liter'. The scale ranges from 10 to 160 cm in increments of 10, with corresponding volume values in liters.

Füllstand cm	Inhalt Liter
160	2080
150	2059
140	1992
130	1892
120	1757
110	1597
100	1428
90	1236
80	1042
70	847
60	656
50	487
40	327
30	192
20	90
10	24
